REG	ST910085-201 5v Regulator Stub

### Page 35 Fitting the pressure sensor (amend)

The ST8132 Display System is supplied with the following pressure sensor: the Stack **ST747**.

- The ST747 pressure sensor has a 1/8 BSP Tapered R1/8 thread (17 AF).

### Page 36 Temperature sensors (amend)

The ST8132 Display System is supplied with two each of the following temperature sensors: Stack **ST769**.

- The ST769 temperature sensor has a M6 x 1 thread (10 AF)

### Page 44 Optional Air Temperature sensor (amend)

If you have the optional **ST769** air temperature sensor, this must be connected to the "A" connector on the harness.
